Confirmation of participation in an international interlaboratory comparison

We confirm hereby that the company Tecnolab del Lago Maggiore Srl Verbania Fondotoce, Italy participated in the international interlaboratory comparison "Surge Immunity ILC Campaign 2020" according to IEC 61000-4-5 from May 1 2020 to February 8 2021.

The measurements of the participant showed a good consistence with the reference values of the interlaboratory comparison. The details of the participant's performance can be found in the **Measurement Report 218-02568**, which was delivered to all participants on February 16 2021. The participant's randomized and anonymized participation number in this report is **P6**.

Yours sincerely,

Bern-Wabern, February 16 2021
